CREDA Chicago
39th Annual Awards for Excellence Winner

Architecture Firm of the Year

Ware Malcomb

This past year, Ware Malcomb reached 30 offices across the U.S., Canada, and Latin America while adding MEP and structural engineering to our platform, allowing us to be a single-source design firm spanning architecture, interiors and engineering. Our teams delivered standout projects including The Bellwether at 79 W. Monroe, the Loop's pioneering historic office-to-residential conversion under the LaSalle Street Reimagined initiative, and the CBRE Chicago corporate office. Reflecting our commitment to shaping the region we call home, we invested in our own spaces: relocating to a larger downtown Chicago office and expanding our Oak Brook office, now at 10,000 SF.

Projects from last year include:

- **Project 1: The Bellwether at 79 W. Monroe**
    - Address: 79 W. Monroe, Chicago
      Square Footage: 16,440
- **Project 2: CBRE Chicago**
    - Address: 300 N. LaSalle, Chicago
    - Square Footage: 54,961
- **Project 3: AMS Industries**
    - Address: 506 Janes Avenue, Bolingbrook
    - Square Footage: 40,000
